

Fifth Mediterranean Forest Week

First posted on <http://sdg.iisd.org/events/fifth-mediterranean-forest-week/>

The Fifth Mediterranean Forest Week is dedicated to forests and landscape restoration in the Mediterranean basin. It aims to strengthen exchanges and synergies between global stakeholders in the restoration of Mediterranean forests and landscapes, to help achieve Sustainable Development Goal (SDG) 15 (Life on Land) and other globally agreed targets related to forest restoration, and facilitate the adaptation of Mediterranean forest landscapes to climate change. It is hosted by Morocco and co-organized by the Committee on Mediterranean Forestry Questions – Silva Mediterranea of the Food and Agriculture Organization of the UN (FAO), the Convention on Biological Diversity (CBD), the Global Mechanism of the UN Convention to Combat Desertification (UNCCD), the World Bank, the International Union for Conservation of Nature (IUCN) and other partners.
